

The CFMEU and its branches, joins with the Central de Trabajadores de Cuba (Trade union Federation of Cuba) and hundreds of other unions around the world in condemning the US blockade against Cuba as an inhumane and criminal attack on workers and on the sovereignty and self-determination of the Cuban people. We call for the removal of US sanctions against Cuba and the removal of Cuba from the US State Sponsors of Terrorism List.

We commit to:

- Maintaining a connection between activist groups within the CFMEU, the Australia Cuba Friendship Society (ACFS) and the Cuban Institute for Friendship with the Peoples (ICAP)
- Supporting the Australia Cuba Friendship Society (ACFS) in solidarity campaigns and actions to end to the US blockade of Cuba
- Working with the Australia Cuba Friendship Society (ACFS) to send a shipping container with PPE and other materials for use by Cuban workers
- Sending CFMEU delegates on the annual Australia Cuba Friendship Society (ACFS) Southern Cross Brigade to enhance awareness, make connections with Cuban Unions, share industry skills and knowledge, and build solidarity with the Cuban people.
