

The Australia-Cuba Friendship Society WA condemns in the strongest possible terms the hypocritical US media reports on Cuba.

The US has imposed on the Cuban people the longest economic, financial and cultural blockade in history.

The criminal US blockade touches all Cuban families and is responsible for the latest frustration that saw some people take to the streets in Santiago de Cuba last 17th March 2024.

The Cuban authorities met with the people to listen to their demands and to explain what the Cuban government is doing to alleviate them.

The covid pandemic coupled with Trumps inclusion of Cuba on the US list of countries that sponsor terrorism, has deepened the effects of the US blockade.

Shortages of food and fuel makes life very difficult for the population, which is exactly the aim of the US administration. The shortages are designed to create chaos in an attempt to get the people to turn against the Cuban government.

ACFS demands the end of criminal US blockade!

ACFS demands the removal of Cuba from the US list of countries alleged sponsors of terrorism!

ACFS stands with the Cuban people and its government in their struggle to defend their right to self determination and independence.

Long live the Cuban people!

End the US blockade on Cuba!

Viva Cuba!
