Excellency,

On behalf of the International Organization for Migration (IOM), I would like to present my compliments to your Esteemed Embassy and wishes to find you and your team in good health.

I wish to express my deep appreciation regarding the extensive efforts implemented by the Republic of Cuba on the global sphere to combat the recent pandemic of COVID-19.

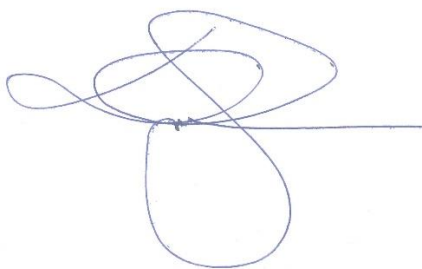

I would like to congratulate you for standing in solidarity in the midst of the scourge of the Covid-19. The Republic of Cuba has shown a refined example of generosity, thoughtfulness and unrelenting acts of solidarity which will be forever etched in the history.

Cuban doctors and health personnel travelled to countries at various latitudes in response to their governments' requests, through providing crucial humanitarian assistance and sharing their expertise. Their relentless pursuit to care for those impacted by COVID-19 exemplifies commitment and dedication to protect people regardless of their origin.

As cooperation among nations had always been in the core of IOM mission, we believe that it represents the solution to effectively confronting the pandemic globally.

Please accept, Your Excellency, the assurance of my highest considerations and my best wishes for continuing your tremendous efforts.

Yours Sincerely,

Laurent de Boeck
Chief of Mission
