on the anniversary of the passing away of Comandante Fidel Castro**

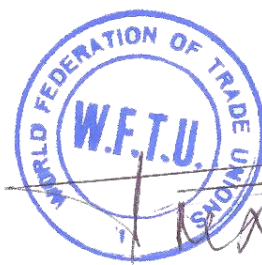

Dear comrades,

Dear brothers and sisters in Cuba,

On behalf of the World Federation of Trade Unions we feel the great need to address an honest and comradely salute today, on the occasion of this symbolic day of the passing away of Comandante Fidel Castro and to greet the State and Party Leadership and to reassure you that we will stand unconditionally stable with solidarity with your country and your People.

Together with CTC of Cuba, we will project the timeless value of the Leader of the Cuban Revolution to the international working class.

For all of us Comandante Fidel is immortal through his live, his ideas and his actions.
