Statement of Solidarity with the People of Cuba

The All India Forward Bloc extends its unwavering solidarity to the heroic people of Cuba in their just struggle against the economic, commercial, and financial blockade imposed by the United States of America. This inhuman and illegal blockade, continuing for more than six decades, stands as one of the most blatant violations of international law and the sovereign rights of an independent nation.

The recent resolution adopted by the United Nations General Assembly, demanding an immediate end to the US blockade, once again received the overwhelming and almost unanimous support of the international community. This global consensus reflects the world's recognition of Cuba's steadfast resistance and its invaluable contributions to humanity, particularly in the fields of health, education, and international solidarity.

However, the US government, driven by the arrogance of imperial power, continues its manoeuvres and manipulations to coerce and influence other nations in defence of its unjust policy. Such actions expose the hypocrisy of US imperialism, which speaks of democracy and freedom while denying an entire nation its basic right to live and develop in peace.

The All India Forward Bloc condemns these imperialist tactics in the strongest terms. We call upon all progressive, democratic, and peace-loving forces across the world to stand united in support of Cuba, to resist and defeat the manoeuvres of US imperialism, and to uphold the principles of national sovereignty, self-determination, and international solidarity.

Cuba's resilience is an inspiration to all nations that value independence and dignity. The people of India, and especially the Forward Bloc founded by Netaji Subhas Chandra Bose, share deep ideological and emotional bonds with the Cuban Revolution and its enduring commitment to social justice.

Let this moment strengthen our collective resolve to fight against all forms of imperialism and exploitation.

G. DEVARAJAN
