Central Committee

Havana

Dear Comrades,

The Communist Party of Poland conveys its warmest, comradely greetings to the Cuban people on the occasion of the 65<sup>th</sup> anniversary of the victory of the Cuban Revolution.

The Cuban Revolution is an example of the victorious struggle against oppression and imperialism. It has proven that the people may overcome all the obstacles and overthrow capitalist barbarity.

The Cuban Revolution has a great historical and social legacy. We remember its heroes Fidel Castro, Raúl Castro, Camilo Cienfuegos and Ernesto Che Guevara and many others. Cuba has achieved great social progress, becoming an example of developing education, healthcare and access to culture for the entire population.

The socialist country for years was and still is providing internationalist aid to other nations. Cuban doctors helping to develop healthcare systems and fight against pandemics across the globe, are the example of international cooperation for the benefit of humanity.

We salute the great traditions of the Revolution and express our support for the Cuban people in their struggle against the US imperialism and the illegal blockade imposed on Cuba by Washington.
